JSS2 WEEK 4

VOCABULARY DEVELOPMENT: READING EXERCISE (depletion of the ozone layer)

1. **Definition:** Vocabulary development is the process of acquiring new words while vocabulary is the group and collection of words that are known and used by a particular person. Vocabulary can be developed by reading books and listening to other people so as to learn new words.
2. **Reading exercise (comprehension):** Before you read;
 - i. The ozone is a thick layer of natural gas.
 - ii. There are ozone-eating chemicals such as CFCs (chlorofluorocarbons) and pesticides.
 - iii. The only way to mend the ozone hole is to stop the release of CFCs.

HOME WORK

Read the comprehension passage in pages 3 to 5 of New Concept English Book 2 and answer the comprehension questions from 1 to 10 in your note book.
