

LESSON NOTE ON ENGLISH LANGUAGE WEEK 3

SUBJECT: English Language
TOPIC: Speech Sounds: Vowels /ʌ/, /ə/
CLASS: JS1
WEEK: 3

DESCRIPTION OF THE /ə/ SOUND

When you say the sound /ə/, the centre of your tongue is raised and your lips are neutrally spread and relaxed. The /ə/ sound is also known as the **schwa** sound and it is used in many unstressed syllables in the English Language.

SPELLING THE /ə/ SOUND

Nearly any vowel spelling may be pronounced as /ə/ which is why a spelling guide has not been provided. Always check the pronunciation of the individual words from the dictionary and practice the words constantly. Examples of words with the /ə/ sound:

Paper
better
teacher
about
obtain
contain
perceive
avoid etc

DESCRIPTION OF THE /ʌ/ SOUND

When you say the /ʌ/ sound, your lips are neutrally open, the centre of your tongue is raised but no contact is made between tongue and the upper teeth. Your lips are jaw are in a relaxed position. The /ʌ/ is a short vowel sound.

SPELLING THE /ʌ/ SOUND

The /ʌ/ sound can be spelt in different ways in English

U	o	ou	oo
Luck	son	country	flood
Cud	come	southern	blood
Bud	among	enough	
Dust	one	young	
Bus	done	couple
